PUBLIC HEARING ITEMS:

2. PL 18-1325. A request for time extension for Tentative Parcel Map No. 73888 and the associated minor site plan review. The tentative parcel map and the minor site plan review were approved in 2016 for a lot split subdivision and for the improvement of a new single family residence on each lot.

Address: 5924 Reno Avenue

Recommendation: That the Planning Commission adopt the attached Resolution finding that the project is exempt from CEQA and approving File PL 18-1325 subject to the recommended conditions of approval.

Project Planner: Hesty Liu
hliu@templecity.us

Associate Planner Liu gave a brief summary of the staff report.

Chair Marston opened the public hearing.

John Wong, project engineer, stated that the purpose for the time extension request is to allow debt on the Trust Deed to be removed from the title so the property owner could move forward with the project.

Chair Marston closed the public hearing.
Commissioner Lee made a motion to approve PL 18-1325, adopt the resolution, and find that the project is categorically exempt. Seconded by Commissioner O'Leary and carried by the following roll call vote:

AYES: Commissioner – O'Leary, Lee, Marston
ABSTAIN: Commissioner – None
NOES: Commissioner – None
ABSENT: Commissioner – Haddad, Cordes

WORKSHOP:

3. **PL 18-1198.** The City is in the process of updating the Zoning Code to conform to the newly adopted Mid-Century General Plan. This workshop will focus on the allowed uses and the standards within the R-2 and R-3 Multi-Family Zones.

- Zone: Medium and High Density Residential
- Recommendation: 1. Receive staff’s presentation
  2. Ask questions of staff
  3. Take public comment
  4. Provide direction to staff regarding amendments to the Medium and High Density (R-2 and R-3) Zones
- Project Planner: Scott Reimers
  sreimers@templecity.us

*Mark Teague, PlaceWorks*, provided a PowerPoint presentation explaining the proposed R-2 Multi-Family Zone concepts.

Chair Marston asked Planning Manager Reimers why larger condominium units are allowable whereas smaller condominium developments are not.

Planning Manager Reimers stated that two unit condominium developments typically do not work because more units are needed to make the home owners association effective.

*Michelle Ritter, resident*, asked for clarification regarding the R-2 zone density requirements.

*Mark Teague, Placeworks*, stated that the maximum density for the R-2 zone is 12 units per acre. He asked the Commission if there were further questions or comments regarding the R-2 Multi-Family Zone concepts. The Commission and public had none, therefore he continued to provide the PowerPoint presentation explaining the proposed R-3 Multi-Family Zone concepts.

Chair Marston asked for clarification regarding low income housing incentives and landscaping.
Planning Manager Reimers stated that the city is required to include incentives for low income housing in the zoning code, however it is not required and that yards are likely to be a combination of hardscape, greenery, and patio area.

Commissioner Lee asked Mr. Teague if satellite and dish antennas are proposed to be prohibited, how garbage is treated in multi-family developments, and how parking standards apply.

Mark Teague, Placeworks, stated that satellite antennas would need to be screened; it is difficult to enforce small dish antennas as they do not require building permits, a common garbage bin would exist in multi-family developments, and that each unit will be required to have two parking spaces with two guest spaces per unit.

Lucy Liu, resident, asked Planning Manager Reimers for clarification regarding setback requirements in the R-2 zone, ADL’s in the R-3 zone, and driveway requirements for duplexes and multi-family residences.

Planning Manager Reimers stated that the setbacks for multi-story units are calculated on an average, that ADU’s are not allowable in multi-family developments, and that reduced parking would not necessarily trigger street parking.

Pastor David Palmer, First Methodist Church of Temple City, asked for clarification regarding converting a portion of the R-2 zone to R-1 near the west side of Oak Avenue, south of Longden Avenue. He stated that the community is concerned about the increased cost of housing.

Planning Manager Reimers stated that he will investigate the area in question to see if it was changed purposefully or inadvertently.

Commissioner Lee requested that overnight parking codes could be agendized for discussion.

Planning Manager Reimers stated that a discussion regarding parking could be agendized at a future Commission Meeting. He encouraged the public to speak with their fellow community members regarding the zoning code workshops that are currently taking place and to email comments to planning@templecity.us. He stated that the next workshop will take place in August.
