The project involves two adjacent properties located in the R-1 Zone. The applicant proposes to adjust the lot lines so that the rear 5,600 square feet of the property on Pal Mal Avenue will be transferred to the property on Olive Street. After the adjustment, both properties will meet the minimum lot requirements (i.e., overall area, lot width, lot depth). The subject property is located in the R-1 zone and designated as Low Density Residential on the City’s General Plan Land Use Map.

Associate Planner Liu gave a brief summary of the staff report.

Chairman Leung opened the public hearing.

Jack Lee, applicant, stated that the property owner would like to improve the
land. He stated that the property owner currently does not have plans to build on the lot.

Edith Nelson, resident, expressed concern regarding future development; particularly additional residences.

Harry, resident, asked staff if the applicant could subdivide the larger of the two properties and develop additional property.
