

Community Emergency Response Team Training

Following a major disaster, police, fire and medical professionals may not be able to fully meet the demand. People will have to rely on each other to meet the immediate life saving and life sustaining needs, *particularly* in isolated neighborhoods that may be cut off from the main roads for a period of time.

The CERT program provides private citizens with basic skills that will enable them to handle their own needs and then to respond to their community's needs in the aftermath of a disaster. A total of **25+ hours** of instruction is provided.

COURSE LOCATION: Temple City Council Chambers
